

Salvage & Recycling Trailers Reach New A Level

Steel Salvage and Recycling Dump Trailers Have Reached A New Level With The Unveiling Of The Monster 4 Dump Trailer from JMH Trailers Inc.

JMH Trailer's Monster 4 Steel Dump Trailer *The Ultimate Lightweight/Heavy Duty Steel Dump Trailer*

This extra heavy-duty trailer is the fourth in the series of steel dump trailers targeting scrap hauling and other heavy hauling applications.

At 13 feet 3 inches high with a round steel barrel body and a 97 cubic yard payload capacity, the Monster 4 is quite possibly the largest street legal dump trailer in the world!

The Monster 4 is a 45' frameless steel trailer, precision engineered and constructed of industry leading 450 Hardox™ Steel for the 3/16th thick floor with ¼ " Rear Sheet for extra re-enforcement, straight rear and sloped front with 7 ribs for superior support. This incredible steel trailer features rear axle ABS and "4 on the floor" dumping capabilities, the 102" 25,000 lb. rear axles and wheels remain on the ground during the entire dump process for increased safety and stability.

Watson and Chalin® provide the single point suspension on the Monster 4 assuring long-term load stability. Other features include a Heavy-duty top rail clean-off, heavy-duty front rail, Gate Options Include: Barn Door with w/ skid plate or [JMH Fuel Save Air Gate](#), with Tarp Options Available. The [Monster 4 Steel Dump Trailer](#) with a long list of standard features and custom options consisting of the industry best components, is sure to make another serious impact in the heavy hauling industry.
